UGA Extension to Host Fruit Tree Pruning Workshop

Submitted by: Jay Moon, ANR Program Assistant, Morgan County Extension

Are you unsure when to prune your fruit trees? Is you fruit trees not producing fruit? We've got you covered! UGA Extension will host a Fruit Tree Pruning Workshop on Tuesday, January 29th starting at 10:00 a.m. at the Morgan County Extension Office. Lucy Ray, Morgan County Extension Agent & Dr. Bob Westerfield, UGA Horticulture Consumer Fruits & Vegetable Specialist will present the program. Topics of discussion during the workshop will include best times to prune your plants, best pruning techniques, equipment handling and other important management techniques. We encourage you to attend & bring any questions you may have on fruit tree management! 1 hour *private as well as commercial pesticide credit will be available for those in attendance.* Lunch will be provided by Crowes BBQ. For more information or if you would like to attend please call the Morgan County Extension Office at 706-342-2214 by 5:00 p.m. on Monday January 28th to RSVP.
