

ANNUAL SOUTHEASTERN TURFGRASS CONFERENCE

April 25th, 2019

Tifton, GA

UGA Tifton Campus Conference Center

The 73rd Annual Southeastern Turfgrass Conference will be held on Thursday, April 25th at the University of Georgia Tifton Campus Conference Center. If you are going to be in Tifton on April 24th, please join us for a **Tour and Dinner at Pike Creek Turf Farms at 3:00pm**. Complete program details and directions will be available shortly. **Technical representatives** from Bayer, BASF, Corteva, Koch Agronomics, PBI Gordon, Redox, and Syngenta will talk about the research and development behind their most popular products. Several **southeastern distributors** will discuss product availability in our region. Finally, we will provide an update on the **development and study of turf cultivars** during the field tour sessions, including speakers from Bladerunner Farms, University of Georgia, NC State University, and University of Florida. Topics to be covered this year will include:

- Turfgrass Breeding Updates from across the Southern U.S.
- Weeds and Herbicides
- Diseases and Fungicides
- Insects and Insecticides
- Turf Management and Fertilizers
- Drought Resistance
- Bermuda and *Zoysia* Putting Greens
- Drone use in Turfgrass Management
